PROFILE

I'm Etsub Beza, a Computer Science student with a strong passion for web development and software design. I specialize in building responsive and user-friendly web applications using HTML, CSS, and JavaScript. I've worked on a variety of projects, including scheduling systems and personal portfolio websites, which have helped me strengthen both my technical and design skills. I'm always eager to learn, take on new challenges, and contribute to meaningful tech solutions that make a real impact.
